The University Health Services (UHS) at UMass Boston is a participating provider with BCBS and students enrolled in the Student Health Insurance Plan are not responsible for co-pays or co-insurance for services received at the UHS. In-network benefit highlights include a $250 deductible that does not apply to prescription coverage and most outpatient visits, $30 co-pay for physician visits, $150 co-pay for emergency room services, no charge for labs, $15/$30/$50 co-pays for generic/preferred brand/non-preferred brand prescription drugs, and 20% co-insurance for hospitalizations. The out-of-pocket maximum for an individual insured under the plan is $4,000 per policy year for in-network services.
