

Wellesley College Health Insurance Program Information

Beginning August 15, 2013

Health Services

All Wellesley College students, including Davis Scholars and Exchange students are encouraged to seek services at the Health Service. Students do not need to be covered by the Student Health Insurance Plan in order to use the Health Service. However, the Health Service does not provide services for College guests, dependents, campus visitors, or campus employees.

The Wellesley College Health Service is open:

Monday thru Friday
from 9:00 a.m. – 5:00 p.m.
Appointments
from 9:15 a.m. – 4:00 p.m.

Students are encouraged to call prior to visiting the Health Service. During semester breaks (winter and spring) students should seek treatment at the nearest facility or provider. If in the Wellesley area, and the Health Service is not open, students should go to the MetroWest Medical Center for emergency services.

Services Available

The services provided by the Health Service are those which are usually available at a primary care facility, including gynecology. The Health Service consists of a state-licensed outpatient clinic, and accredited clinical laboratory, and a Health Education Resource Room. Clinical services are provided by Nurse Practitioners, Registered Nurses and board certified Physicians.

Health Insurance Waiver and Enrollment Information:

All students enrolled at least 3/4 time are required by Massachusetts State law to enroll in the Student Health Insurance or be covered by a health insurance plan with comparable coverage. **To ensure compliance with Massachusetts law, Wellesley College students, including Davis Scholars are automatically enrolled in and billed for the Student Health Plan.** To read the details on this law, visit www.state.ma.us chia. Click on "Student Health Insurance Program" and review the information on this page.

Students who do not want to enroll in the student insurance plan because they are currently enrolled in a comparable plan should complete the waiver form at universityhealthplans.com. After submitting the waiver form, Student Financial Services will credit the student account for the insurance charge of \$1,675 within 2 business days.

International students cannot waive coverage unless they are covered by an insurance carrier based in the United States with coverage comparable to the Wellesley College Student Health Insurance Plan.

Students who have an out of area HMO should not waive coverage as those types of plans only provide coverage in the event of an emergency or in your home area.

For questions addressing the waiver/enrollment process please contact University Health Plans at (800) 437-6448. If you have questions regarding the benefits please contact Blue Cross and Blue Shield of Massachusetts at (888) 753-6615. If you have questions about the premium that has been charged to your bill, please contact Wellesley College at (781) 283-2360.

| Important Questions | Answers | Why this Matters: |
|--|---|---|
| What is the overall deductible? | \$0 in-network; \$250 member for out-of-network. Does not apply to emergency room, emergency transportation. | You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible . |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers. |
| Is there an out-of-pocket limit on my expenses? | Yes. \$1,000 member / \$2,000 family for out-of-network. | The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. |
| What is not included in the out-of-pocket limit? | Deductible , copayments, premiums, balance-billed charges, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Is there an overall annual limit on what the plan pays? | No. | The chart starting on page 2 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits. |
| Does this plan use a network of providers? | Yes. See www.bluecrossma.com/findadoctor or call 1-800-821-1388 for a list of preferred providers. | If you use an in-network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network, preferred , or participating for providers in their network . See the chart starting on page 2 for how this plan pays different kinds of providers . |
| Do I need a referral to see a specialist? | No. | You can see the specialist you choose without permission from this plan. |
| Are there services this plan doesn't cover? | Yes. | Some of the services this plan doesn't cover are listed on page 6. See your policy or plan document for additional information about excluded services . |

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** (or provider’s charge if it is less than the **allowed amount**) for the service. For example, if the plan’s **allowed amount** for an overnight stay is \$1,000 (and it is less than the provider’s charge), your **coinsurance** payment of 20% would be \$200. This may change if you haven’t met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use in-network **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts. (If you are eligible to elect a Health Reimbursement Account (HRA), Flexible Spending Account (FSA) or you have elected a Health Savings Account (HSA), you may have access to additional funds to help cover certain **out-of-pocket** expenses such as **copayments**, **coinsurance**, **deductibles** and costs related to services not otherwise covered.)

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied to the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

- ✗ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

- ✗ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

- ✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

- ✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You also should consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
