IMPORTANT NOTICE
This brochure provides a brief description of the important features of the Policy. It is not a Policy. Terms and conditions of the coverage are set forth in the Policy. We will notify Covered Persons of all material changes to the Policy. Please keep this material with your important papers.

NONDISCRIMINATORY
Health care services and any other benefits to which a Covered Person is entitled are provided on a nondiscriminatory basis, including benefits mandated by state and federal law.
By enrolling in this Insurance Program, you have the HCVM Preferred Provider Network, available to You and Your Dependents, if any, throughout Massachusetts, providing access to quality health care at discounted fees. A complete listing is available at www.hcvm.com or www.universityhealthplans.com

A Preferred Provider may require a Covered Person to pay an annual fee for inclusion within the Preferred Providers panel of patients. Any services that are represented to be a part of the Preferred Provider’s annual service agreement are part of that separate agreement and are not part of this Insurance Program.

THE PROGRAM DOES NOT REQUIRE YOU TO USE A PREFERRED PROVIDER, but if a Covered Medical Expense is incurred through a Preferred Provider, the Program will pay:

• For covered Doctor’s office visits, including Licensed Mental Health Professionals, 80%-100% of the fees after payment of a $25 Co-payment per visit;
• For covered medical treatments other than Doctor’s office visits, including Licensed Mental Health Professionals, 90%-100% coverage of the discounted fee, meaning that the 10%-20% share of the fee is also discounted.

If a Preferred Provider is not available in a particular area or specialty, the Policy will cover at the Preferred Provider level until a provider has been added.

Coverage will be provided at the Preferred Provider level for a provider who is not a Preferred Provider for the first 30 days from the effective date of coverage if a Covered Person is undergoing an ongoing course of treatment or the provider is the Covered Person’s primary care provider.

If the Covered Person is a female who is in her 2nd or 3rd trimester of pregnancy and whose provider in connection with her pregnancy is involuntarily disenrolled, other than disenrollment for quality-related reasons or fraud, treatment will be allowed with said provider, according to the terms of the Policy, for the period up to and including the Covered Person’s first postpartum visit.

If a Covered Person is terminally ill and the provider in connection with said Sickness is involuntarily disenrolled, other than for quality related reasons or fraud, the Covered Person will be allowed to continue treatment with said provider, according to the terms of the Policy, until the death of the Covered Person.

Continued coverage is conditioned upon the provider agreeing to:
• Accept reimbursement at the rates applicable prior to notice of disenrollment as payment in full and not to impose cost sharing with respect to the Covered Person in an amount that would exceed the cost sharing that could have been imposed if the provider had not been disenrolled; and
• Adhere to the Policy’s quality assurance standards and to provide necessary medical information related to the care provided; and
• Adhere to Our policies and procedures.

Physician profiling information may be available from the Board of Registration in Medicine for physicians licensed to practice in Massachusetts.

We will provide coverage for pediatric specialty care to Covered Persons requiring such services, including mental health services, by a person with recognized expertise in specialty pediatrics.
