# Do you have MassHealth coverage?

If so, you will be required<sup>\*</sup> to enroll in your school's Student Health Insurance Plan (SHIP) at **no additional cost to you** 

As part of your school's insurance waiver process, your MassHealth will be reviewed to see if you qualify for participation in the MassHealth Premium Assistance Program. If you qualify, you will be automatically enrolled into your school's SHIP, and MassHealth will pay for your SHIP premium.

# You'll get more benefits, without paying more

Through this MassHealth Premium Assistance program, you'll pay the same amount that you do now, but you'll be able to:

- Have a greater choice of providers when you need health care services. You can use any of the providers in your school's AETNA plan network, with no referral necessary.
- Pay the same MassHealth low or no co-pay when you see an in-network AETNA plan provider.
- Be covered when you're in other states or anywhere around the world if you are traveling.

### How to get started

- Make sure you enter your 12-digit MassHealth ID number when you fill out information on your school's waiver form.
- You can find your MassHealth ID number on your MassHealth ID card.

#### What's next?

FirstName MI LastName 00000000000 MassHealth ArBATIN Samte Samte 住康

After you submit your information through your school's waiver process, you will be emailed updates about the status of your submission. If you are eligible, MassHealth will mail you a letter to verify that you have been enrolled in the MassHealth Premium Assistance program.

# **Questions?**

If you have questions about your eligibility for the Premium Assistance program, call MassHealth Premium Assistance at 1-855-273-5903.

# **Frequently Asked Questions**

What if I have more questions?	Please contact MassHealth Premium Assistance at 1-855-273-5903 if you have more questions.
How to I enroll in the Premium Assistance Program?	Just follow the waiver process for your school's health insurance, provide your MassHealth information on the waiver form, and your information will be reviewed by MassHealth for program eligibility and enrollment.
What if my income goes up because of an internship or a part-time job, so I lose my MassHealth?	While you are enrolled in a AETNA plan MassHealth purchased for you, your MassHealth coverage will continue until the end of the AETNA policy, even if other circumstances change, like your income increases. You will still be responsible for providing MassHealth with updates about these changes and be responsible for responding to any requests MassHealth makes while you are on the AETNA plan.
Can I get a family health plan through this program?	No, at this time the Premium Assistance for the AETNA program is only available to students on individual (one person) plans. If you have other family members who also have MassHealth, your enrollment in the AETNA plan will not affect your family members' MassHealth coverage.
Will my MassHealth coverage change if I don't enroll in this program?	If you currently have MassHealth Standard, CommonHealth, CarePlus, or Family Assistance, and are not already enrolled in another private insurance plan, you must enroll in the AETNA plan available to you. If you are required to but do not enroll in the AETNA plan, you will lose your MassHealth benefits.
What happens if I drop out of school or become a part-time student?	Once MassHealth pays for your AETNA premium and you are enrolled in the AETNA plan, you should be able to be covered through the end of the policy year even if you drop out of school or go part time (with some exceptions).
health plan last?	At the beginning of each school year you will need to repeat the online waiver process to make sure you still qualify for both the MassHealth Premium Assistance and for your AETNA.
How long will Premium Assistance for the student	MassHealth Premium Assistance will pay for your entire annual AETNA premium if you enroll in the fall or for the entire spring semester premium if you are newly enrolled at your school in the spring.
Is this program going to cost me more money?	No, you should not pay any more than what you currently pay under MassHealth when receiving MassHealth covered services.
What if I see a provider who is not covered through MassHealth?	If you see a doctor or other provider who is in the AETNA network but is NOT a MassHealth provider, a long as the service is a MassHealth covered service, MassHealth will reimburse you for your out-of-pocket costs up to what you would be responsible for under MassHealth. For example, if you see a mental health provider who participates in AETNA but is not in the MassHealth network, you may have to pay your AETNA office visit co-pay up front, then submit documentation of the visit to MassHealth. MassHealth will reimburse you for costs you have incurred or already paid. Please call 855-273-5903 to receive instructions on how to receive a reimbursement.
What do I need to tell a provider when I get services?	Tell them you have both AETNA <i>and</i> MassHealth. You need to <b>show BOTH ID cards</b> for providers to coordinate benefits and submit bills first to AETNA and then to MassHealth.
to my MassHealth coverage when I enroll?	For example, if you were on a MassHealth managed care plan (like BMC Health Net, Tufts Health Together, or a new MassHealth ACO), your school's AETNA plan will now be your primary plan. This means the AETNA plan pays your bills first and although still covered by MassHealth, you will no longer be in the MassHealth managed care plan. MassHealth will still pay for those covered services not covered by the AETNA plan and for the out-of-pocket costs you incur while on the AETNA plan up to what you would be responsible for under MassHealth.
Will there be any changes	The same MassHealth covered services will continue, but how you get them will change.
Will I lose my MassHealth coverage or access to other MassHealth covered services?	No, you will not lose your MassHealth coverage. In fact, if enrolled in Premium Assistance you will maintain continuous MassHealth coverage for the duration of the AETNA policy*. Premium Assistance is to pay for your AETNA plan premium. MassHealth covered services are not affected.
What are the benefits of this program?	Being covered by both a AETNA plan and MassHealth will give you access to a larger network of providers than just MassHealth providers. You will also have coverage for services out of state and out of country.

\* some exceptions apply
