Introduction

Welcome to the UnitedHealthcare **Student**Resources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company ("the Company").

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of "Preferred Providers." The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as "Out-of-Network Providers." However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan's web site at www.uhcsr.com. The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-800-767-0700, toll free, for assistance in finding a Preferred Provider.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-800-767-0700. The Insured can also write to the Company at:

Section 1: Who Is Covered

The Master Policy covers students who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All full-time undergraduate students, Physician Assistant students and students living in campus housing are automatically enrolled in this insurance Plan at registration and charges are added to their account, unless proof of comparable coverage is furnished. All international students are required to purchase this insurance plan at registration and charges are added to their account. Part-time students taking 7 or more credit hours and Graduate Students taking 6 or more credit hours but not living in campus housing are eligible to enroll in this insurance plan on a voluntary basis.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

Section 2: Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 1, 2021. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m. July 31, 2022. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier.

The Insured Person must meet the eligibility requirements each time a premium payment is made. To avoid a lapse in coverage, the Insured Person's premium must be received within 14 days after the coverage expiration date. It is the Insured Person's responsibility to make timely premium payments to avoid a lapse in coverage.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.

2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

Section 5: Preferred Provider Information

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Options PPO

The availability of specific providers is subject to change without notice. A list of Preferred Providers is located on the plan's web site at www.uhcsr.com. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-767-0700 and/or by asking the provider when making an appointment for services.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

"Network Area" means the 50 mile radius around the local school campus the Named Insured is attending.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

Preferred Providers – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include

UnitedHealthcare Options PPO United Behavioral Health (UBH) facilities. Call (800) 767-0700 for information about Preferred Hospitals.

Out-of-Network Providers - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Options PPO will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

Surprise Bill

A Surprise bill is a bill for Covered Medical Expenses, other than Emergency Services, received by an Insured for services rendered by an Out-of-Network provider at a Preferred Provider facility during:

- A service or procedure performed by Preferred Provider.
- During a service or procedure previously approved or authorized by the Company and the Insured did not knowingly elect to obtain such services from the Out-of-Network provider, or a clinical laboratory that is an Out-of-Network provider, upon the referral of a Preferred Provider.

A Surprise bill does not include a bill for Covered Medical Expenses received by an Insured when Preferred Provider was available to render such services and the Insured knowingly elected to obtain the services from another provider who was Out-of-Network.

If Emergency Services were rendered to an Insured by an Out-of-Network provider, the provider may bill the Company directly and the Company shall reimburse the provider the greatest of the following amounts:

- The amount the Insured's plan would pay for the Emergency Services if rendered by an In-Network provider.
- The Usual and Customary charges for such services.
- The amount Medicare would reimburse for such charges.

With respect to a Surprise Bill:

- An Insured will only be required to pay the applicable Coinsurance, Copayment, Deductible or other out-of-pocket expense that would be imposed for Covered Medical Expenses if services were rendered by a Preferred Provider.
- The Company must reimburse the Out-of-Network provider or Insured, as applicable, for Covered Medical Expenses rendered at the Preferred Provider rate under the Insured's plan as payment in full, unless the Company and provider agree otherwise.

If Covered Medical Expenses were rendered to an Insured by an Out-of-Network provider and the Company failed to inform the Insured, if the Insured was required to be informed, of the network status of the provider, the Company may not impose a Coinsurance, Copayment, Deductible or other out-of-pocket expense that is greater than the Coinsurance, Copayment, Deductible or other out-of-pocket expense that would be imposed if services were rendered by a Preferred Provider.

      - The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

6. In no more than forty-eight hours after the IRO receives the assignment from the Commissioner to conduct the review or 72 hours after receipt of the qualifying EER request if any portion of such forty-eight-hour period falls on a weekend, the IRO shall:

Standard Experimental or Investigational Treatment External Review (SEIER) Process

An Insured Person, or an Insured Person's Authorized Representative, may submit a request for an Experimental or Investigational External Review when the denial of coverage is based on a determination that the recommended or requested health care service or treatment is experimental or investigational.

A request for a Standard Experimental or Investigational External Review must be submitted in writing within 4 months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

1. For an Adverse Determination or a Final Adverse Determination that involves denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, an Insured Person or an Authorized Representative may submit a request for a Standard Experimental or Investigational Treatment External Review (SEIER) with the Commissioner.
2. Within 5 business days after receiving the SEIER request notice, the Company will complete a preliminary review to determine that:
   a. The individual was an Insured Person covered under the Policy at the time the service was recommended, requested or provided;
   b. The recommended or requested health care services or treatment:
      - Is a Covered Medical Expense under the Insured Person's Policy except for the Company's determination that the service or treatment is experimental or investigational for a particular medical condition; and
      - Is not explicitly listed as an Exclusion or Limitation under the Insured Person's Policy;
   c. The Insured Person's treating Physician has certified that one of the following situations is applicable:
      - Standard health care services or treatments have not been effective in improving the condition of the Insured Person;
      - Standard health care services or treatments are not medically appropriate for the Insured Person;
      - There is no available standard health care service or treatment covered by the Company that is more beneficial than the recommended or requested health care service or treatment;
   d. The Insured Person's treating Physician:
      - Has recommended a health care service or treatment that the Physician certified, in writing, is likely to be more beneficial to the Insured Person, in the Physician's opinion, than any available standard health care services or treatments; or
      - Who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured Person's condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care services or treatments;
   e. The Insured Person has exhausted the Company's Internal Appeal Process; and
   f. The Insured Person has provided all the information and forms necessary to process the request.
3. Within 1 business day after completion of the preliminary review, the Company shall notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SEIER.
   a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete; or
   b. If the request is not eligible, the Company response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
4. After receiving notice that a request is eligible for SEIER, the Commissioner shall, within 1 business day:
   a. Assign an IRO from the Commissioner's approved list;
   b. Notify the Company of the name of the assigned IRO; and
   c. Notify the Insured Person and, if applicable, the Authorized Representative, that the request has been accepted. This notice shall include: (i) the name of the IRO; and (ii) a statement that the Insured Person or the Authorized Representative may, within 5 business days following receipt of the notice, submit additional information to the IRO for consideration when conducting the review.
5. a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the SEIER.
   b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
6. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
7. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.
   a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SEIER.
   b. The SEIER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SEIER.
   c. If the Company reverses it decision, the Company shall immediately provide written notification to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SEIER.

8. After completion of the IRO's review, upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

      - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or

BINDING EXTERNAL REVIEW

An External Review decision is binding on the Company except to the extent the Company has other remedies available under state law. An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. Section 17: Pediatric Dental Services Benefit

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Provider.

The Company will make a *Directory of Network Dental Providers* available to the Insured Person. The Insured Person can also call *Customer Service* at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits - these benefits apply when the Insured Person decides to obtain Covered Dental Services from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?
The Insured Person is eligible for benefits for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease does not mean that the procedure or treatment is a Covered Dental Service.

What Is a Pre-Treatment Estimate?
If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?
Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are provided. Benefits payable for Medically Necessary treatment for

which pre-authorization was not obtained will be reduced by 50% of the scheduled benefit or $500 per occurrence, whichever is less.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.

B. Provided by or under the direction of a Dental Provider.

C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.

D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this provision.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits:

Benefits for Allowed Dental Amounts from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Allowed Dental Amounts.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Benefits

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this provision. The definition of Necessary relates only to benefits under this provision and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology* (publication of the *American Dental Association*).
- As reported by generally recognized professionals or publications.

Section 18: Pediatric Vision Services Benefit

Pediatric Vision Care Services Benefits

Benefits are provided for Vision Care Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a Spectera Eyecare Networks or non-Network Vision Care Provider. To find a Spectera Eyecare Networks Vision Care Provider, the Insured Person may call the provider locator service at 1-800-839-3242. The Insured Person may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

Network Benefits:

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Non-Network Benefits:

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for Vision Care Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Policy Deductible

Benefits for pediatric Vision Care Services provided are not subject to any Policy Deductible stated in the Policy *Schedule of Benefits.* Any amount the Insured Person pays in Copayments for Vision Care Services does not apply to the Policy Deductible stated in the Policy *Schedule of Benefits*.

What Are the Benefit Descriptions?

Benefits

When benefit limits apply, the limit stated refers to any combination of Network Benefits and non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Frequency of Service Limits
Benefits are provided for the Vision Care Services described below, subject to *Frequency of Service* limits and Copayments or Coinsurance stated under each Vision Care Service in the *Schedule of Benefits* below.

Routine Vision Examination
A routine vision examination of the eyes according to the standards of care in the area where the Insured Person resides, including:

- A patient history that includes reasons for exam, patient medical/eye history, and current medications.
- Visual acuity with each eye and both eyes, far and near, with and without glasses or contact lenses (for example, 20/20 and 20/40).
- Cover test at 20 feet and 16 inches (checks how the eyes work together as a team).
- Ocular motility (how the eyes move) near point convergence (how well eyes move together for near vision tasks, such as reading), and depth perception (3D vision).
- Pupil reaction to light and focusing.
- Exam of the eye lids, lashes, and outside of the eye.
- Retinoscopy (when needed) – helps to determine the starting point of the refraction which determines the lens power of the glasses.
- Phorometry/Binocular testing – far and near: how well eyes work as a team.
- Tests of accommodation - how well the Insured Person sees up close (for example, reading).
- Tonometry, when indicated: test pressure in eye (glaucoma check).
- Ophthalmoscopic examination of the inside of the eye.
- Visual field testing.
- Color vision testing.
- Diagnosis/prognosis.
- Specific recommendations.

Post exam procedures will be performed only when materials are required.

Or, in lieu of a complete exam, Retinoscopy (when applicable) - objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.

Eyeglass Lenses

Lenses that are placed in eyeglass frames and worn on the face to correct visual acuity limitations.

The Insured Person is eligible to choose only one of either eyeglasses (*Eyeglass Lenses* and/or *Eyeglass Frames*) or *Contact Lenses*. If the Insured Person selects more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.

If the Insured Person purchases *Eyeglass Lenses* and *Eyeglass Frames* at the same time from the same Spectera Eyecare Networks Vision Care Provider, only one Copayment will apply to those *Eyeglass Lenses* and *Eyeglass Frames* together.

Eyeglass Frames

A structure that contains eyeglass lenses, holding the lenses in front of the eyes and supported by the bridge of the nose.

The Insured Person is eligible to choose only one of either eyeglasses (*Eyeglass Lenses* and/or *Eyeglass Frames*) or *Contact Lenses*. If the Insured Person selects more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.
If the Insured Person purchases *Eyeglass Lenses* and *Eyeglass Frames* at the same time from the same Spectera Eyecare Networks Vision Care Provider, only one Copayment will apply to those *Eyeglass Lenses* and *Eyeglass Frames* together.

Contact Lenses

Lenses worn on the surface of the eye to correct visual acuity limitations.

Benefits include the fitting/evaluation fees, contact lenses, and follow-up care.

The Insured Person is eligible to choose only one of either eyeglasses (*Eyeglass Lenses* and/or *Eyeglass Frames*) or *Contact Lenses.* If the Insured Person selects more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.

Necessary Contact Lenses

Section 19: UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this provision.

Benefits for Prescription Drug Products are subject to supply limits and Copayments or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after ¾ of the original Prescription Drug Product has been used. For select controlled medications filled at a retail Network Pharmacy, refills are available when 90% of the original Prescription Drug Product has been used. For select controlled medications filled at a mail order Network Pharmacy, refills are available when 80% of the original Prescription Drug Product has been used.

The Insured must present their ID card to the Network Pharmacy when the prescription is filled. If the Insured does not present their ID card to the Network Pharmacy, they will need to pay for the Prescription Drug and then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com and logging in to their online account or by calling *Customer Service* at 1-855-828-7716.

Information on Network Pharmacies is available at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment or Coinsurance.
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy or a Preferred 90 Day Retail Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject from time to time, to the Company's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may find out whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore, the Copayment or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716. If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, benefits will be paid under the out-of-network Prescription Drug Benefit.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, benefits will be paid under the out-of-network Prescription Drug Benefit. For a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Prior Authorization Requirements

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.

The Prescription Drugs requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires prior authorization at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

Step Therapy

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. Unless Medical Necessity dictates otherwise, in order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first. The Company may not require the use of step therapy for: (1) any Prescription Drug Product for longer than sixty days, or (2) a Prescription Drug Product for cancer treatment for an Insured who has been diagnosed with stage IV metastatic cancer provided such Prescription Drug is in compliance with approved federal Food and Drug Administration indications.

Limitation on Selection of Pharmacies

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's choice of Network Pharmacies may be limited. If this happens, the Company may require the Insured to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the chosen Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will choose a Network Pharmacy for the Insured.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's total cost including any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may happen without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com or call *Customer Service* at 1-855-828-7716 for the most up-to-date tier placement.

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Benefit. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

Definitions

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources. This

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products. This includes Specialty Prescription Drug Products. Not all Network Pharmacies are a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications, or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- Clinical trials for which benefits are specifically provided for in the Policy.
- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources. This includes data sources such as Medi-Span that classify drugs as either brand or generic based on a number of factors. Not all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician will be classified as a Generic by the Company.

A Prescription Drug Product includes a medication that is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the Policy, this definition includes:

- Inhalers.
- Insulin.
- Certain vaccines/immunizations administered in a Network Pharmacy.
- The following diabetic supplies:
  - standard insulin syringes with needles;

  - glucose meters, including continuous glucose monitors.

Prescription Drug Charge means the rate the Company has agreed to pay the Network Pharmacies for a Prescription Drug Product dispensed at a Network Pharmacy. The rate includes a dispensing fee and any applicable sales tax.

Prescription Drug List means a list that places into tiers medications or products that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's review and change from time to time. The Insured may find out which tier a particular Prescription Drug Product has been placed at www.uhcsr.com or call *Customer Service* at 1-855-828-7716.

Prescription Drug List Management Committee means the committee that the Company designates for placing Prescription Drugs into specific tiers.

Prescription Order or Refill means the directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

PPACA means Patient Protection and Affordable Care Act of 2010.

PPACA Zero Cost Share Preventive Care Medications means the medications that are obtained at a Network Pharmacy with a Prescription Order or Refill from a Physician and that are payable at 100% of the Prescription Drug Charge (without application of any Copayment, Coinsurance, or Deductible) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

The Insured may find out if a drug is a PPACA Zero Cost Share Preventive Care Medication as well as information on access to coverage of Medically Necessary alternatives at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

Specialty Prescription Drug Product means Prescription Drug Products that are generally high cost, self-administered biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products at www.uhcsr.com or call *Customer Service* at 1-855-828-7716.

Therapeutically Equivalent means when Prescription Drugs Products have essentially the same efficacy and adverse effect profile.

Unproven Service(s) means services, including medications, that are determined not to be effective for the treatment of the medical condition and/or not to have a beneficial effect on the health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)

- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. This fee includes a dispensing fee and any applicable sales tax.

Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and placed on a tier by the Company's PDL Management Committee, except that such review and approval of new Prescription Drug Products and/or new dosage forms will not be required for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for a least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in a substantially accepted peer-reviewed medical literature.

6. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration (FDA) and requires a Prescription Order or Refill. (Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are placed on Tier-3.)

7. Prescription Drug Products that are available in over-the-counter form or made up of components that are available in over-the-counter form or equivalent unless a Medical Necessity. 12. A Prescription Drug Product with an approved biosimilar or a biosimilar and Therapeutically Equivalent to another covered Prescription Drug Product, unless a Medical Necessity. For the purpose of this exclusion a "biosimilar" is a biological Prescription Drug Product approved based on showing that it is highly similar to a reference product (a biological Prescription Drug Product) and has no clinically meaningful differences in terms of safety and effectiveness from the reference product. Such determinations may be made up to six times during a calendar year, and the Company may decide at any time to reinstate benefits for a Prescription Drug that was previously excluded under this provision.

UNITEDHEALTHCARE INSURANCE COMPANY
POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

An Insured Person under this insurance plan is eligible for Assistance and Evacuation Benefits in addition to the underlying plan coverage. The requirements to receive these benefits are as follows:

International Students are eligible to receive Assistance and Evacuation Benefits worldwide, except in their Home Country.

Domestic Students are eligible for Assistance and Evacuation Benefits when 100 miles or more away from their campus address or 100 miles or more away from their permanent home address or while participating in a study abroad program.

Assistance and Evacuation Benefits

DEFINITIONS

The following definitions apply to the Assistance and Evacuation Benefits described further below.

“Emergency Medical Event” means an event wherein an Insured Person’s medical condition and situation are such that, in the opinion of the Company’s affiliate or authorized vendor and the Insured Person’s treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person’s initial medical facility.

“Home Country” means, with respect to an Insured Person, the country or territory as shown on the Insured Person’s passport or the country or territory of which the Insured Person is a permanent resident.

“Host Country” means, with respect to an Insured Person, the country or territory the Insured Person is visiting or in which the Insured Person is living, which is not the Insured Person’s Home Country.

“Physician Advisors” mean physicians retained by the Company’s affiliate or authorized vendor for provision of consultative and advisory services to the Company’s affiliate or authorized vendor, including the review and analysis of the medical care received by Insured Persons.

An Insured Person must notify the Company’s affiliate or authorized vendor to obtain benefits for Medical Evacuation and Repatriation. If the Insured Person doesn’t notify the Company’s affiliate or authorized vendor, the Insured Person will be responsible for paying all charges and no benefits will be paid.

MEDICAL EVACUATION AND REPATRIATION BENEFITS

Emergency Medical Evacuation: If an Insured Person suffers a Sickness or Injury, experiences an Emergency Medical Event and adequate medical facilities are not available locally in the opinion of the *Medical Director* of the Company's affiliate or authorized vendor, the Company's affiliate or authorized vendor will provide an emergency medical evacuation (under medical supervision if necessary) to the nearest facility capable of providing adequate care by whatever means is necessary. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the emergency medical evacuation.

Dispatch of Doctors/Specialists: If an Insured Person experiences an Emergency Medical Event and the Company's affiliate or authorized vendor determines that an Insured Person cannot be adequately assessed by telephone for possible medical evacuation from the initial medical facility or that the Insured Person cannot be moved and local treatment is unavailable, the Company's affiliate or authorized vendor will arrange to send an appropriate medical practitioner to the Insured Person's location when it deems it appropriate for medical management of a case. The Company will pay costs for transportation and expenses associated with dispatching a medical practitioner to an Insured Person's location, not including the costs of the medical practitioner's service.

Medical Repatriation: After an Insured Person receives initial treatment and stabilization for a Sickness or Injury, if the attending physician and the *Medical Director* of the Company's affiliate or authorized vendor determine that it is medically necessary, the Company's affiliate or authorized vendor will transport an Insured Person back to the Insured Person's permanent place of residence for further medical treatment or to recover. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the repatriation.

Transportation after Stabilization: If Medical Repatriation is not required following stabilization of the Insured Person's condition and discharge from the hospital, the Company's affiliate or authorized vendor will coordinate transportation to the Insured Person's point of origin, Home Country, or Host Country.
