General Information

Am I Eligible?

Domestic Students

All domestic undergraduate degree students registered for nine (9) or more credit hours are required to have comprehensive health insurance coverage and therefore will be automatically charged for and enrolled in the Student Health Plan based on their registration status each semester. The cost of the insurance will be included on the student's tuition bill.

If a student's status changes to fewer than nine (9) credit hours after they've been assessed the semester insurance charge, and the student does not want to be enrolled in the Plan, they must still submit a waiver form prior to the deadline, to opt out of the Plan and remove the charge. Once charged, the insurance fee will not be removed without a waiver unless the student drops below 6 credits.

Part-time, non-degree and graduate domestic students carrying a minimum of six (6) credit hours are eligible to enroll voluntarily by going to:

www.universityhealthplans.com/ric.

Online only students are not eligible to enroll in the Plan.

International Students

All international students, carrying a minimum of 1 credit hour, are required to carry insurance and are automatically enrolled in the College's Student Health Insurance Plan and the premium will be added to the student's tuition bill, and they do not have the option to waive coverage.

Dependents

Dependents are not eligible.

How Do I Waive/Enroll?

To Waive:

Domestic Undergraduate Degree Students registered for nine (9) or more credit hours:

FAILURE TO COMPLETE the on-line waiver form by the deadline will result in your mandatory purchase of the College's Student Health Insurance Plan without the possibility of later waiver, refund or cancellation. Eligible fall students enrolled in other coverage that meets the waiver requirements are given the opportunity to waive for fall semester only or for the full academic year. The fall deadline to waive is 09/28/2026. If you do not waive by the deadline, you will not be eligible for a refund.

Eligible spring students will be given the opportunity to waive the spring coverage period. The deadline to waive for spring is 02/23/2027. If you do not waive by the deadline, you will not be eligible for a refund.

Please Note: If your status changes to fewer than nine (9) credit hours after being assessed the insurance charge, and they do not want the insurance, they must still submit a waiver form by the deadline to opt out of the Plan and remove the charge. Once charged, the insurance fee will not be removed without a waiver unless the student drops below 6 credits.

Please Note: Waivers are required to be completed for each plan year.

International Students do not have the option to waive coverage

To Enroll:

Mandatory Students: Domestic undergraduate degree students registered for nine (9) or more credits and assessed the insurance charge on the student account should complete the mandatory student enrollment form at www.universityhealthplans.com/ric to confirm and expedite the processing of their enrollment in the Student Health Plan. Students who have been assessed the insurance charge on the student account and take no action will not be automatically enrolled in the Plan until after the deadline.

Voluntary Students: Eligible part-time, non-degree and graduate domestic students carrying a minimum of six (6) credit hours may enroll in the Student Health Plan voluntarily by submitting the voluntary student enrollment form at www.universityhealthplans.com/ric by the posted deadline.
