Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse, Civil Union partner, or Domestic Partner and dependent children, including any child for which the Named Insured is under court order to provide coverage, up to 26 years of age. The individual student’s coverage becomes effective on the first day of the period for which premium contributions are paid or the date the enrollment form and full premium contributions are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 14, 2017. Coverage terminates on that date or at the end of the period through which premium contributions are paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premium contributions are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 12 months after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

**IMPORTANT**: Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.

**Preferred Provider Information**

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-505-4160 and/or by asking the provider when making an appointment for services.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insured’s may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured’s responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

**Inpatient Expenses**

**PREFERRED PROVIDERS** - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. The Preferred Provider Deductible or Coinsurance will not apply to any Preventive Care benefits provided under the policy.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If the Policy includes both a Preferred Provider Coinsurance amount and a Preferred Provider Copayment amount, then the Preferred Provider Coinsurance amount will not be applied to those benefits that include a Preferred Provider Copayment amount. If the Policy includes both a Preferred Provider Coinsurance amount and a Preferred Provider Copayment amount, then the Preferred Provider Copayment amount will not be applied to those benefits that include a Preferred Provider Coinsurance amount. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. Covered Medical Expense incurred for services provided by an Out-of-Network Provider during a Hospital Confinement at a Preferred Provider Hospital will be paid at the Preferred Provider Copayment, Deductible, and/or Coinsurance level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

Usual and Customary Charges are based on data provided by FAIR Health, Inc. using the 90th percentile based on location of provider.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

**Out-of-Pocket Maximum:** After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. Any applicable Copays or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum.

**Student Health Center Benefits:** The Deductible will be waived and benefits will be paid at 100% when treatment is rendered at the Student Health Center for the following services: services listed on the approved fee schedule on file with the Student Health Center.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section for a description of the Covered Medical Expenses for which benefits are available. Covered Medical Expenses include:

**UnitedHealthcare Pharmacy Benefits**

Benefits are available for outpatient Prescription Drugs on our Prescription Drug List (PDL) when dispensed by a UnitedHealthcare Pharmacy. Benefits are subject to supply limits and Copayments that vary depending on which tier of the PDL the outpatient drug is listed. There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You are responsible for paying the applicable Copayments. Your Copayment is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. Please access www.firststudent.com or call 1-855-828-7716 for the most up-to-date tier status.
$15 Copay per prescription order or refill for a Tier 1 Prescription Drug up to a 31 day supply.

$30 Copay per prescription order or refill for a Tier 2 Prescription Drug up to a 31 day supply.

$50 Copay per prescription order or refill for a Tier 3 Prescription Drug up to a 31 day supply.

Mail order Prescription Drugs are available at 2.5 times the retail Copay up to a 90 day supply.

**Specialty Prescription Drugs** – if you require Specialty Prescription Drugs, we may direct you to a Designated Specialty Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drugs. If you choose not to obtain your Specialty Prescription Drug from a Designated Specialty Pharmacy, you will be responsible for the entire cost of the Prescription Drug. When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment that applies will reflect the number of days dispensed.

**Designated Specialty Pharmacies** – if you require certain Prescription Drugs including, but not limited to, Specialty Prescription Drugs, we may direct you to a Designated Specialty Pharmacy with whom we have an arrangement to provide those Prescription Drugs. If you choose not to obtain these Prescription Drugs from a Designated Specialty Pharmacy, you will be responsible for the entire cost of the Prescription Drug.

Please present your ID card to the network pharmacy when the prescription is filled.

If you do not present the card, you will need to pay for the prescription and then submit a reimbursement form for prescriptions filled at a network pharmacy along with the paid receipt in order to be reimbursed. To obtain reimbursement forms, or for information about mail-order prescriptions or network pharmacies, please visit www.firststudent.com and log in to your online account or call 1-855-828-7716.

When prescriptions are filled at pharmacies outside the network, the Insured must pay for the prescriptions out-of-pocket and submit the receipts for reimbursement to UnitedHealthcare Student Resources, P.O. Box 809025, Dallas, TX 75380-9025. See the Schedule of Benefits for the benefits payable at out-of-network pharmacies.

**Additional Exclusions:**

In addition to the policy Exclusions and Limitations, the following Exclusions apply to Network Pharmacy Benefits:

1. Coverage for Prescription Drug Products for the amount dispensed (days’ supply or quantity limit) which exceeds the supply limit.
2. Coverage for Prescription Drug Products for the amount dispensed (days’ supply or quantity limit) which is less than the minimum supply limit.
3. Experimental or Investigational Services or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by the Company to be experimental, investigational or unproven.
4. Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that the Company determines do not meet the definition of a Covered Medical Expense.
5. Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
6. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration and requires a Prescription Order or Refill. Compounded drugs that are available as a similar commercially available Prescription Drug Product. Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier-3.
7. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless the Company has designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Such determinations may be made up to six times during a calendar year, and the Company may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
8. Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, except as specifically provided in Benefits for Treatment of Inherited Metabolic Disease and Benefits for Non-Standard Infant Formula.
Definitions:

**Brand-name** means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured’s Physician may not be classified as Brand-name by the Company.

**Chemically Equivalent** means when Prescription Drug Products contain the same active ingredient.

**Designated Specialty Pharmacy** means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company’s behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Specialty Pharmacy.

**Experimental or Investigational Services** means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

1) Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.

2) Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the Humanitarian Use Device exemption are not considered to be Experimental or Investigational.)

3) The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

1) Clinical trials for which benefits are specifically provided for in the policy.

2) If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Unproven Service(s)** means services including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to absence of physician and health care provider specialty society recommendations and also insufficient and inadequate clinical evidence from well conducted randomized controlled trials or cohort studies in the prevailing published peer reviewed medical literature.

1) Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)

2) Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

**Generic** means a Prescription Drug Product: that is Chemically Equivalent to a Brand-name drug.

**Network Pharmacy** means a pharmacy that has:

Coordination of Benefits and Services

PURPOSE OF THIS PROVISION

An Insured may be covered for health benefits or services by more than one Plan. For instance, he or she may be covered by this Policy as a Student and by another plan as a Dependent of his or her spouse. If he or she is, this provision allows the Company to coordinate what the Company pays or provides with what another Plan pays or provides. This provision sets forth the rules for determining which is the primary plan and which is the secondary plan. Coordination of benefits is intended to avoid duplication of benefits while at the same time preserving certain rights to coverage under all Plans under which the Insured is covered.

Definitions

The words shown below have special meanings when used in this provision. Please read these definitions carefully.

(1) **Allowable Expense**: The charge for any health care service, supply or other item of expense for which the Insured is liable when the health care service, supply or other item of expense is covered at least in part by any of the Plans involved, except where a statute requires another definition, or as otherwise stated below.

When this Policy is coordinating benefits with a Plan that provides benefits only for dental care, vision care, prescription drugs or hearing aids, Allowable Expense is limited to like items of expense. The Company will not consider the difference between the cost of a private hospital room and that of a semi-private hospital room as an Allowable Expense unless the stay in a private room is a Medical Necessity. When this Policy is coordinating benefits with a Plan that restricts coordination of benefits to a specific coverage, the Company will only consider corresponding services, supplies or items of expense to which coordination of benefits applies as an Allowable Expense.

(2) **Claim Determination Period**: A Policy Year, or portion of a Policy Year, during which an Insured is covered by this Policy and at least one other Plan and incurs one or more Allowable Expense(s) under such plans.

(3) **Plan**: Coverage with which coordination of benefits is allowed. Plan includes:

   a) group insurance and group subscriber contracts, including insurance continued pursuant to a Federal or State continuation law; b) self-funded arrangements of group or group-type coverage, including insurance continued pursuant to a Federal or State continuation law; c) group or group-type coverage through a health maintenance organization (HMO) or other prepayment, group practice and individual practice plans, including insurance continued pursuant to a Federal or State continuation law; d) group hospital indemnity benefit amounts that exceed $150 per day; e) Medicare or other governmental benefits, except when, pursuant to law, the benefits must be treated as in excess of those of any private insurance plan or nongovernmental plan.

   Plan does not include:

   a) individual or family insurance contracts or subscriber contracts; b) individual or family coverage through a health maintenance organization or under any other prepayment, group practice and individual practice plans; c) group or group-type coverage where the cost of coverage is paid solely by the Insured except when coverage is being continued pursuant to a Federal or State continuation law; d) group hospital indemnity benefit amounts of $150 per day or less; e) school accident-type coverage; f) a State plan under Medicaid.

(4) **Primary Plan**: The Plan whose benefits for an Insured’s health care coverage must be determined without taking into consideration the existence of any other Plan. There may be more than one Primary Plan. A Plan will be the Primary Plan if either “a” or “b” below exist:

   a) The Plan has no order of benefit determination rules, or it has rules that differ from those contained in this Coordination of Benefits and Services provision; or

   b) All Plans which cover the Insured use order of benefit determination rules consistent with those contained in the Coordination of Benefits and Services provision and under those rules, the plan determines its benefits first.

(5) **Reasonable and Customary**: An amount that is not more than the usual or customary charge for the service or supply as determined by the Company, based on a standard which is most often charged for a given service by a provider within the same geographic area.
Secondary Plan: The Plan which is not a Primary Plan. If an Insured is covered by more than one Secondary Plan, the order of benefit determination rules of this Coordination of Benefits and Services provision shall be used to determine the order in which the benefits payable under the multiple secondary plans are paid in relation to each other. The benefits of each Secondary Plan may take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plan which, under this Coordination of Benefits and Services provision, has its benefits determined before those of that Secondary Plan.

Primary And Secondary Plan

The Company considers each plan separately when coordinating payments.

The Primary Plan pays or provides services or supplies first, without taking into consideration the existence of a Secondary Plan. If a Plan has no coordination of benefits provision, or if the order of benefit determination rules differ from those set forth in these provisions, it is the Primary Plan.

A Secondary Plan takes into consideration the benefits provided by a Primary Plan when, according to the rules set forth below, the plan is the Secondary Plan. If there is more than one Secondary Plan, the order of benefit determination rules determine the order among the Secondary Plans. The Secondary Plan(s) will pay up to the remaining unpaid Allowable Expenses, but no Secondary Plan will pay more than it would have paid if it had been the Primary Plan. The method the Secondary Plan uses to determine the amount to pay is set forth below in the Procedures to be Followed by the Secondary Plan to Calculate Benefits section of this provision.

The Secondary Plan shall not reduce Allowable Expenses for Medically Necessary and appropriate services and supplies on the basis that precertification, preapproval, notification or second surgical opinion procedures were not followed.

RULES FOR THE ORDER OF BENEFIT DETERMINATION

1) The benefits of the Plan that covers the Insured as an employee, member, subscriber or retiree shall be determined before those of the Plan that covers the Insured as a Dependent. The coverage as an employee, member, subscriber or retiree is the Primary Plan.

2) The benefits of the Plan that covers the Insured as an employee who is neither laid off nor retired, or as a Dependent of such person, shall be determined before those for the Plan that covers the Insured as a laid off or retired employee, or as such a person’s Dependent. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

3) The benefits of the Plan that covers the Insured as an employee, member, subscriber or retiree, or Dependent of such person, shall be determined before those of the Plan that covers the Insured under a right of continuation pursuant to Federal or State law. If the other Plan does not contain this rule, and as a result the Plans do not agree on the order of benefit determination, this portion of this provision shall be ignored.

4) If a child is covered as a Dependent under Plans through both parents, and the parents are neither separated nor divorced, the following rules apply:

   a) The benefits of the Plan of the parent whose birthday falls earlier in the calendar year shall be determined before those of the parent whose birthday falls later in the calendar year.
   b) If both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
   c) Birthday, as used above, refers only to month and day in a calendar year, not the year in which the parent was born.
   d) If the other Plan contains a provision that determines the order of benefits based on the gender of the parent, the birthday rule in this provision shall be ignored.
(5) If a child is covered as a Dependent under Plans through both parents, and the parents are separated or divorced, the following rules apply:

a) The benefits of the Plan of the parent with custody of the child will pay first;
b) The benefits of the Plan of the spouse of the parent with the custody of the child will pay second; and
c) The benefits of the Plan of the parent without custody of the child will pay last.
d) If the terms of a court decree state that one of the parents is responsible for the health care expenses for the child, and if the entity providing coverage under that Plan has knowledge of the terms of the court decree, then the benefits of that plan shall be determined first. The benefits of the plan of the other parent shall be considered as secondary. Until the entity providing coverage under the plan has knowledge of the terms of the court decree regarding health care expenses, this portion of this provision shall be ignored.

If the above order of benefits does not establish which plan is the primary plan, the benefits of the Plan that covers the employee, member or subscriber for a longer period of time shall be determined before the benefits of the Plan(s) that covered the person for a shorter period of time.

**Procedures to be Followed by the Secondary Plan to Calculate Benefits**

In order to determine which procedure to follow it is necessary to consider:

1. the basis on which the Primary Plan and the Secondary Plan pay benefits; and
2. whether the provider who provides or arranges the services and supplies is in the network of either the Primary Plan or the Secondary Plan.

Benefits may be based on the Reasonable and Customary Charge (R&C), or some similar term. This means that the provider bills a charge and the Insured may be held liable for the full amount of the billed charge. In this section, a Plan that bases benefits on a reasonable and customary charge is called an “R&C Plan.”

Benefits may be based on a contractual fee schedule, sometimes called a negotiated fee schedule, or some similar term. This means that although a provider, called a network provider, bills a charge, the Insured may be held liable only for an amount up to the negotiated fee. In this section, a Plan that bases benefits on a negotiated fee schedule is called a “Fee Schedule Plan.” If the Insured uses the services of a non-network provider, the plan will be treated as an R&C Plan even though the plan under which he or she is covered allows for a fee schedule.

Payment to the provider may be based on a capitation. This means that the health maintenance organization (HMO) pays the provider a fixed amount per Insured. The Insured is liable only for the applicable deductible, coinsurance or copayment. If the Insured uses the services of a non-network provider, the HMO will only pay benefits in the event of emergency care or urgent care. In this section, a Plan that pays providers based upon capitation is called a “Capitation Plan.”

In the rules below, “provider” refers to the provider who provides or arranges the services or supplies and HMO refers to a health maintenance organization plan.

**Primary Plan is R&C Plan and Secondary Plan is R&C Plan**

The secondary plan shall pay the lesser of:

1) the difference between the amount of the billed charges and the amount paid by the Primary Plan; or
2) the amount the Secondary Plan would have paid if it had been the Primary Plan.

When the benefits of the Secondary Plan are reduced as a result of this calculation, each benefit shall be reduced in proportion, and the amount paid shall be charged against any applicable benefit limit of the plan.
Primary Plan is R&C Plan and Secondary Plan is Fee Schedule Plan

If the provider is a network provider in the Secondary Plan, the Secondary Plan shall pay the lesser of:

1) the difference between the amount of the billed charges for the Allowable Charges and the amount paid by the Primary Plan; or
2) the amount the Secondary Plan would have paid if it had been the Primary Plan.

The Insured shall only be liable for the copayment, deductible or coinsurance under the Secondary Plan if the Insured has no liability for copayment, deductible or coinsurance under the Primary Plan and the total payments by both the Primary and Secondary Plans are less than the provider’s billed charges. In no event shall the Insured be responsible for any payment in excess of the copayment, coinsurance or deductible of the Secondary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan

If the provider is a network provider in the Primary Plan, the Allowable Expense considered by the Secondary Plan shall be the fee schedule of the Primary Plan. The Secondary Plan shall pay the lesser of:

1) The amount of any deductible, coinsurance or copayment required by the Primary Plan; or
2) The amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Fee Schedule Plan and Secondary Plan is R&C Plan or Fee Schedule Plan

If the Primary Plan is an HMO plan that does not allow for the use of non-network providers except in the event of urgent care or emergency care and the service or supply the Insured receives from a non-network provider is not considered as urgent care or emergency care, the Secondary Plan shall pay benefits as if it were the Primary Plan.

Primary Plan is Capitation Plan and Secondary Plan is Fee Schedule Plan or R&C Plan

If the Insured receives services or supplies from a provider who is in the network of both the Primary Plan and the secondary Plan, the Secondary Plan shall pay the lesser of:

1) the amount of any deductible, coinsurance or copayment required by the Primary Plan; or
2) the amount the Secondary Plan would have paid if it had been the Primary Plan.

Primary Plan is Capitation Plan or Fee Schedule Plan or R&C Plan and Secondary Plan is Capitation Plan

If the Insured receives services or supplies from a provider who is in the network of the Secondary Plan, the Secondary Plan shall be liable to pay the capitation to the provider and shall not be liable to pay the deductible, coinsurance or copayment imposed by the Primary Plan. The Insured shall not be liable to pay any deductible, coinsurance or copayments of either the Primary Plan or the Secondary Plan.

Right to Receive and Release Needed Information – Certain facts are needed to apply these Coordination of Benefits and Services rules. The Company has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. The Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Policy must give the Company any facts it needs to pay the claim.

Facility of Payment – A payment made under another plan may include an amount which should have been paid under this Policy. If it does, the Company may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Policy. The Company will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable monetary value of the benefits provided in the form of services.

Right of Recovery – If the amount of the payments made by the Company is more than it should have paid under this provision, it may recover the excess from one or more of: a) the persons it has paid or for whom it has paid; b) insurance companies; or c) other organizations. The “amount of the payments made” includes the reasonable monetary value of any benefits provided in the form of services.
AUTOMOBILE RELATED INJURY BENEFIT PROVISION  
(in association with the Coordination of Benefits provision)

Definitions

"Automobile Related Injury" means bodily injury sustained by an Insured Person as a result of an accident while occupying, entering into, alighting from or using an automobile, or as a pedestrian, caused by an automobile or by an object propelled by or from an automobile.

"Allowable Expense" means any Medically Necessary, reasonable, and customary item of expense, a part of which is covered by the policy or PIP at least in part as an Eligible Expense.

"Eligible Expense" means that portion of expense incurred for treatment of an Injury which is covered under the policy without application of any Deductible or coinsurance, if any.

"Out-of-State Automobile Insurance Coverage (OSAIC)" means any coverage for medical expenses under an automobile insurance policy other than PIP, as PIP is defined herein, including automobile insurance policies issued in another state or jurisdiction.

"PIP" means Personal Injury Protection coverage (specifically those provisions for medical expense coverage) provided as part of an automobile insurance policy issued in the state of New Jersey.

Application of Benefits

When Covered Medical Expenses are incurred as the result of an Automobile Related Injury, and the injured Insured Person has coverage under PIP or OSAIC, the following sections will be used to determine whether the policy provides coverage that is primary or secondary to auto coverage. These sections will be also be used to determine the amount payable if the policy provides primary or secondary coverage.

Determination of Primary or Secondary Coverage

The policy provides secondary coverage to PIP, unless health coverage has been elected as primary coverage by or for the Insured Person covered under the policy. This election is made by the Named Insured under a PIP policy and affects the Dependents of the Named Insured who are not themselves the Named Insured under another auto policy. The policy may be primary for one covered person, but not for another if the persons have separate auto policies and have made different selections regarding primacy of health coverage.

The policy is secondary to OSAIC. However, if the OSAIC contains provisions which make it secondary or excess to the Named Insured's Plan, then the Named Insured's Plan will be primary.

Effect on Benefits

If the Named Insured's Plan is primary to PIP or OSAIC, the policy will pay benefits on eligible expenses in accordance with the terms provided in the policy.

If the Named Insured's Plan is one of several insurance plans which provide benefits to the Insured and are primary to automobile insurance coverage, then the rules as provided in the Coordination of Benefits provision endorsement shall apply.

If the Named Insured's Plan is secondary to PIP or OSAIC, the benefits payable will be the lesser of: 1) the remaining uncovered allowable expenses after PIP has provided coverage after application of any Deductible or coinsurance; or 2) the actual benefits that would have been payable had the Named Insured's Plan been providing coverage primary to PIP.

To the extent that the policy provides coverage that supplements coverage under Medicare, then the Named Insured's Plan can be primary to auto insurance only insofar as Medicare is primary to auto insurance.
Continuation Privilege

All Insured Persons who have been continuously insured under the school’s regular student Policy for at least 3 consecutive months and who no longer meet the Eligibility requirements under that Policy are eligible to continue their coverage for a period of not more than 90 days under the school’s policy in effect at the time of such continuation. If an Insured Person is still eligible for continuation at the beginning of the next Policy Year, the Insured must purchase coverage under the new policy as chosen by the school. Coverage under the new policy is subject to the rates and benefits selected by the school for that policy year.

Application must be made and premium contribution must be paid directly to UnitedHealthcare StudentResources and be received within 30 days after the expiration date of your student coverage. For further information on the Continuation privilege, please contact UnitedHealthcare StudentResources.

Definitions

ADOPTED OR FOSTER CHILD means the adopted child or foster child placed with an Insured while that person is covered under this policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted or foster child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured’s residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child’s date of placement: 1) apply to us; and 2) pay the required additional premium contribution, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child’s date of placement.

CIVIL UNION means the legally recognized union of two eligible individuals of the same sex established pursuant to the Civil Union Act. Parties to a civil union shall receive the same benefits and protections and are subject to the same responsibilities as spouses in marriage. Civil Union includes those same-sex relationships from other jurisdictions that provide substantially all of the rights and benefits of marriage.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means 1) conditions requiring medical treatment prior to or subsequent to termination of pregnancy, whose diagnoses are distinct from pregnancy but are adversely affected by pregnancy or are caused by pregnancy, such as acute nephritis, acute nephrosis, cardiac decompensation, missed abortion and similar medical and surgical conditions of comparable severity but shall not include false labor, occasional spotting, Physician-prescribed rest during the period of pregnancy, morning sickness, and similar conditions associated with the management of a difficult pregnancy not constituting a nosologically distinct complication of pregnancy; and 2) non-elective caesarean section, ectopic pregnancy which is terminated and spontaneous termination of pregnancy, which occurs during a period of gestation in which a viable birth is not possible.

CONGENITAL CONDITION means a medical condition or physical anomaly arising from a defect existing at birth.

COPAY/COPAYMENT means the amount that the Insured is required to pay for certain Covered Medical Expenses. A Copay/Copayment may be either a specific dollar amount or a percentage of Covered Medical Expenses.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:
1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**DEDUCTIBLE** means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

**DEPENDENT** means the legal spouse, a Civil Union partner, or Domestic Partner of the Named Insured and dependent children, including any child:

1. For which the Named Insured is under court order to provide coverage.
2. Over whom the Named Insured has legal custody, legal guardianship or a legal relationship.
3. With whom the Named Insured has a blood relationship, provided the child lives with the Named Insured and is dependent upon the Named Insured for most of his or her support and maintenance.

Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

A dependent will be eligible to continue coverage after age 26, up to the dependent’s 31st birthday, if the dependent meets all of the following:

1. Resides in New Jersey; or if not a resident, is a full-time student at an accredited public or private institution of higher education.
2. Has evidence of creditable coverage or receipt of benefits under a group health plan, a church plan, an individual health benefits plan, or Medicare.
3. Is not covered under another group health plan, church plan, individual health benefits plan, and is not entitled to Medicare as of the effective date of coverage.
4. Does not have any children.
5. Does not have a spouse, Civil Union partner, or Domestic Partner.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of intellectual disability or physical handicap.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child’s attainment of the limiting age. Subsequently, such proof must be given to the Company annually after the two year period following the child’s attainment of the limiting age. Termination will continue to be waived only while all of the above conditions are met and the Insured continues to be insured under this policy.

If the Named Insured’s insurance under this policy terminates due to that person’s death, insurance then in force on such Named Insured’s Dependents will be continued for 180 days. This continuation of coverage is subject to the timely payment of the premium contribution due for the Insured Dependent’s insurance and the policy provisions with respect to termination for reasons other than death of the Insured.

**DOMESTIC PARTNER** means a person who is not related by blood or marriage to the Named Insured but who:

1. Is, along with the Named Insured, age 62 years or older, regardless of gender;
2. Lives together with the Named Insured in the same residence and intends to do so indefinitely;
3. Is responsible with the Named Insured for each other’s basic living expenses;
4. Is not in a marriage recognized by New Jersey law or a member of another domestic partnership;

6. Files with the Name Insured an Affidavit of Domestic Partnership; and
7. Has not been in a domestic partnership that was terminated less than 180 days prior to the filing of a current Affidavit of Domestic Partnership; this prohibition will not apply if the prior partner died.
A domestic partner relationship may be demonstrated by anyone of the following types of documentation: 1) a joint deed, mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured’s will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, banking account or credit account.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of:
1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 1-877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.
Pre-Authorization

Pre-authorization is required for all Dental Services and Dental Procedures except when provided for a Dental Emergency. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company’s contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary/Medically Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.

  - Safe with promising efficacy
  - For treating a life threatening dental disease or condition.
  - Provided in a clinically controlled research setting.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

**Usual and Customary Fee** - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).

RELATED TO HEALTH CARE SERVICES

INTERNAL APPEAL PROCESS

Within 180 days after receipt of a notice of an Adverse Determination, an Insured Person or an Authorized Representative may submit a written request for an Internal Review of an Adverse Determination, except where the Adverse Determination is based on eligibility, including rescission, or on the application of a contract exclusion or limitation not relating to Medically Necessity.

Upon receipt of the request for an Internal Review, the Company shall provide the Insured Person with the name, address and telephone of the employee or department designated to coordinate the Internal Review for the Company. With respect to an Adverse Determination involving Utilization Review, the Company shall designate an appropriate clinical peer(s) of the same or similar specialty as would typically manage the case which is the subject of the Adverse Determination. The clinical peer(s) shall not have been involved in the initial Adverse Determination.

Within 3 working days after receipt of the grievance, the Company shall provide notice that the Insured Person or Authorized Representative is entitled to:

1. Submit written comments, documents, records, and other material relating to the request for benefits to be considered when conducting the Internal Review; and
2. Receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person’s request for benefits.

Prior to issuing or providing a notice of Final Adverse Determination, the Company shall provide:

1. Any new or additional evidence considered by the Company in connection with the grievance;
2. Any new or additional rationale upon which the decision was based.

The new or additional information shall be provided free of charge to the Insured Person or Authorized Representative and as soon as possible and sufficiently in advance of the date on which the final Internal Review is required to be provided in order to allow the Insured Person or Authorized Representative adequate opportunity to respond to any new or additional evidence or rationale.

The Company shall issue a Final Adverse Decision in writing or electronically to the Insured Person or the Authorized Representative as follows:

1. For a Pre-service Claim review, the notice shall be made no later than 15 days after the Company’s receipt of the grievance.
2. For a Post-service Claim review, the notice shall be made no later than 30 days after the Company’s receipt of the grievance.

Time periods shall be calculated based on the date the Company receives the request for the Internal Review, without regard to whether all of the information necessary to make the determination accompanies the request.

The written notice of Final Adverse Determination for the Internal Review shall include:

1. The titles and qualifying credentials of the reviewers participating in the Internal Review;
2. Information sufficient to identify the claim involved in the grievance, including the following:
   a. the date of service;
   b. the name health care provider; and
   c. the claim amount;
3. A statement that the diagnosis code and treatment code and their corresponding meanings shall be provided to the Insured Person or the Authorized Representative, upon request;
4. For an Internal Review decision that upholds the Company's original Adverse Determination:
   a. the specific reason(s) for the Final Adverse Determination, including the denial code and its corresponding meaning, as well as a description of the Company's standard, if any, that was used in reaching the denial;
   b. reference to the specific Policy provisions upon which the determination is based;
   c. a statement that the Insured Person is entitled to received, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Insured Person's benefit request;
   d. if applicable, a statement that the Company relied upon a specific internal rule, guideline, protocol, or similar criterion and that a copy will be provided free of charge upon request;
   e. if the Final Adverse Determination is based on a Medical Necessity or experimental or investigational treatment or similar exclusion or limitation, a statement that an explanation will be provided to the Insured Person free of charge upon request;
   f. instructions for requesting: (i) a copy of the rule, guideline, protocol or other similar criterion relied upon to make the Final Adverse Determination; and (ii) the written statement of the scientific or clinical rationale for the determination;

5. A description of the procedures for obtaining an Independent Health Care Appeal of the Final Adverse Determination with the state's Independent Health Care Appeals Program and the form required to initiate such appeal; and

6. The Insured Person’s right to bring a civil action in a court of competent jurisdiction.

7. Notice of the Insured Person’s right to contact the commissioner’s office or ombudsman’s office for assistance with respect to any claim, grievance or appeal at any time. The Insured may also contact the Department of Banking and Insurance at the following address: Consumer Protection Services, Office of Managed Care, P.O. Box 329, Trenton, New Jersey 08625-0329. Phone Number (888) 393-1062.

Benefits shall continue to be provided for an ongoing course of treatment pending the outcome of the appeal.

**Expedited Internal Review (EIR) of an Adverse Determination**

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. involving Urgent Care Claims; and
2. related to a concurrent review Urgent Care Claim involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company’s receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Claim, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file a request for an Independent Health Care Appeal if:

1. the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person’s ability to regain maximum function; or
2. the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person’s treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

Benefits shall continue to be provided for an ongoing course of treatment pending the outcome of the appeal.
INDEPENDENT HEALTH CARE APPEAL

An Insured Person or Authorized Representative may submit a request for an Independent Health Care Appeal when the service in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an Independent Health Care Appeal shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Procedure shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has 4 months to request an Independent Health Care Appeal. The request for an Independent Health Care Appeal should be made in writing to the Commissioner on forms provided to the Insured Person at the completion of the Internal Review Process.

The request for an Independent Health Care Appeal should be accompanied by $25 filing fee, payable by check or money order to the New Jersey Department of Banking and Insurance. The fee shall be waived if a financial hardship exists. Financial hardship may be demonstrated by the Insured Person through evidence that one or more members of the household is receiving assistance or benefits under the Pharmaceutical Assistance to the Aged and Disabled, Medicaid, NJ Family Care, General Assistance, SSI, or New Jersey Unemployment Assistance. The filing fees for any one Insured Person shall not exceed $75.00 per policy year.

Benefits shall continue to be provided for an ongoing course of treatment pending the outcome of the appeal.

Independent Health Care Appeal Process

The New Jersey Department of Banking and Insurance shall forward the appeal to an Independent Utilization Review Organization (IURO).

Upon receipt of the appeal, the IURO shall conduct a preliminary review and accept the request if the appeal:

a. the individual was an Insured Person covered under the Policy at the time the service was requested or provided;
b. the Insured Person has provided all the information and forms required by the IURO and the Department to make a preliminary determination; and
c. the service in question reasonably appears to be a Covered Medical Expense under the Policy.

Immediately after completion of the preliminary review, the IURO shall notify the Insured Person and, if applicable, the Authorized Representative in writing whether the request has been accepted. If the request is not complete, the IURO’s notice shall include the reason(s) why the request is incomplete.

The IURO shall also notify the Insured Person and, if applicable, the Authorized Representative of the right to submit additional written information to be considered in the IURO’s review. The IURO shall provide the Company with copies of any such additional information within 1 business day after receipt.

The IURO shall complete its review in a manner consistent with New Jersey state requirements. The IURO’s final decisions shall be provided to the Insured Person, the Company, the Authorized Representative (if any), and the Department. The IURO’s determination shall be binding on the Company and the Insured Person, except to the extent that other remedies are available under State or Federal law. The Company shall provide benefits, pursuant to and consistent with the IURO’s decision, without delay, regardless of whether the Company intends to seek judicial review.
Within 10 business days of receiving the IURO’s decision, the Company shall submit a report describing how the Company will implement the IURO’s decision. The report shall be provided to the Insured Person, the Authorized Representative (if any), the IURO, and the Department.
