**Dear Students and Parents:**

Sarah Lawrence College (SLC) is committed to promoting good health and meeting the medical needs of its students. A health insurance plan is critical in providing peace of mind, knowing that students can receive the services they need in the event of a sickness or injury.

The College requires all students to carry adequate medical insurance to help cover the extra expenses of medical treatment that are not covered by our Health and Wellness Center. The Student Health Insurance Plan provides coverage to students for a 12-month period, August 15, 2015 to August 14, 2016. The Plan includes a local and national network of Preferred Providers, and is designed to be an affordable option. I urge you to enroll in this Plan for several reasons.

Although many families have some form of insurance, it's important to ensure that students are adequately covered while attending school. All too often situations arise where a student requires medical or mental health care beyond what is available at the SLC Health and Wellness Center (HWC), only to discover that their insurance covers them only in the event of an emergency or in their home geographic region. This frequently results in students having to take an otherwise unnecessary leave of absence from college to return home in order to get the treatment they need. In other situations, the student's insurance plan may provide coverage in New York, but the lists of providers they must choose from is extremely limited and often are not close to campus, making access a significant problem. SLC Health and Wellness Center staff members are rarely familiar with these providers and therefore cannot assist the student with any recommendations. Further, coverage that is provided is often insufficient in meeting the student's need. The result is an added out-of-pocket expense for parents who must pay privately for adequate care.

To assist you in making an informed decision regarding your student's health insurance needs, here are some general questions to ask your current health plan to ensure that it provides adequate coverage:

- Does your current health plan provide coverage while in the area of the Sarah Lawrence campus? Many HMO plans provide coverage for Emergency Treatment only, while out of area of the local HMO.
- Does your current health plan cover your daughter/son as long as they are a registered student at Sarah Lawrence College?
- Does your current health plan cover mental health services?
- Does your current health plan provide coverage anywhere in the world, including medical evacuation and repatriation benefits, while the student is away from campus for academics, research, work, or vacation? Many employer-sponsored plans will only provide coverage while in the United States, and most do not include any medical evacuation or repatriation benefits.
- Does your current health plan include a nationwide network of Preferred Providers, guaranteeing acceptance of your insurance plan, and reducing the student's out-of-pocket expenses? Many employer-sponsored plans are managed-care type plans, with a regionally-based preferred provider network.

- Does your current health plan include Prescription Drug coverage, and a nationwide network of member pharmacies? Many employer sponsored plans do not provide prescription drug coverage, or only very limited benefits available at certain local pharmacies.
- Does your current health plan include coverage for Intercollegiate Sports? It is standard practice for employer-sponsored health plans to exclude coverage for all Intercollegiate Sports related injuries.

While the majority of students' health issues can be met by Health and Wellness Center, there are times when outside specialists or additional consultation is warranted. At such times, the Student Health Insurance Plan sponsored by Sarah Lawrence College provides coverage worldwide, and allows students to seek care from any licensed provider, once the referral from Sarah Lawrence Health Services is made. Students also have access to a nationwide Preferred Provider Network, as well as a national network of member pharmacies.

When students use a preferred provider, their out-of-pocket expenses can be limited as students' coinsurance expenses are based on negotiated Preferred Provider fees. The Plan provides coverage for expenses relating to injury or sickness including diagnostic testing, lab and x-ray services, doctor visits, and prescription drugs.

Students who determine that they have existing comparable coverage will need to complete and submit the online Waiver Form by August 1, 2015 for the Fall Term. It is your responsibility to carefully compare your current insurance plan with that offered by SLC to ensure that the coverage is truly comparable. By signing the waiver, you are attesting to the fact that you are familiar with both plans and will be responsible for providing for your student's medical and/or mental health needs should your own insurance prove insufficient. If you do not have comparable health insurance, or do not submit the online Waiver Form by August 1, 2015, you will be required to purchase the Student Health Insurance Plan, and will automatically be enrolled.

We encourage you to read the Brochure and take the time to make an informed decision regarding your health coverage. If you have questions regarding the Student Health Insurance Plan, please contact Consolidated Health Plans at (800) 633-7867 or [www.chpstudent.com](http://www.chpstudent.com).

Yours truly,

Mary Hartnett R.N.  
Director of Medical Services

Topics include mind-body health, self-care, sleep, nutrition, managing stress and adjusting to college, as well as topics relevant to current issues on campus.

Maintenance of records is in accordance with professional and legal guidelines. The student may authorize the release of confidential information to others by signing a standard release form available at Health Services.

Exceptions to the standard procedures of confidentiality occur when a student is assessed to be a danger to him/herself or others, when records are subpoenaed, or in reporting abuse (e.g., abuse or neglect of a minor) as required by law. In such cases, the student would be informed, if possible, and only the necessary information would be released.

### **Fees for Service**

There are no fees for any of the regular services provided by the Health Services staff. In-clinic lab tests, vaccinations and some medications are provided for a fee to cover costs. Any medications not available at Health Services may be purchased at a local pharmacy and might be covered by insurance, depending on students' insurance plans. Special diagnostic services such as laboratory tests, X-rays and diagnostic procedures are provided off campus.

Consultations with specialists in the community, as well as off-campus diagnostic procedures, are covered according to the Sarah Lawrence College Student Health Insurance Plan only after a referral is made by Sarah Lawrence Health Services staff. (See the Referral Section of this Brochure for additional details regarding referral requirements.) Students who waive participation in the Sarah Lawrence Student Health Insurance Plan should check with their own insurance companies regarding coverage.
