Student Coverage

Who is eligible?

UD requires **all full-time undergraduate students (12+ Credits), international students on an F1, J1 or J2 visa, contracted graduate students, and full-time graduate students (9+ Credits)** to enroll in the University of Delaware Student Health Insurance Plan (UD Plan) or be covered by an insurance plan that meets the UD Health Insurance Requirements. To ensure compliance, all eligible students are billed for the UD Plan. Each academic year students are required to waive the UD Plan with a plan that meets the UD Health Insurance Requirements or confirm enrollment in the UD Plan. If no action is taken, then the student is enrolled in the UD Plan and required to pay the UD plan premium. The UD Health Insurance Requirements and Waiver Form are available at www.universityhealthplans.com/UD.

Voluntary Students: Domestic undergraduates taking less than 12 credits; domestic non-contracted graduate students taking less than 9 credits are NOT ELIGIBLE for the Student Health Insurance Plan. An exception may be granted for a student to remain enrolled for one semester if the student was enrolled in the UD Plan as a non-voluntary student during the semester immediately preceding the current semester, if approved this is a onetime one semester exception only. Please call University Health Plans at 833-251-1127 for questions regarding eligibility.

Postdoctoral Fellows and Sustaining Status Students: All Postdoctoral Fellows (Post Docs) and non-contracted sustaining status students may purchase coverage for themselves and their eligible dependents on a voluntary basis by submitting an Enrollment Form by the deadline applicable to the desired coverage period. Payment must be made in full, with a credit card online, or with a check or money order by mail. The enrollment form is available at **www.universityhealthplans.com/ud**.

Medical Leave of Absence: Students enrolled in the University of Delaware Student Health Insurance Plan who take an official Medical Leave of Absence (MLOA) may remain covered by the UD Plan during that same policy year for one semester by submitting payment for the necessary premium to University Health Plans (UHP). A letter from University of Delaware is required that confirms: (1) you are on a medical leave of absence; and (2) the official start

date of your medical leave of absence. University Health Plans must receive the MLOA Enrollment Form, Payment, and Letter by the 31st day following the start of the MLOA. MLOA enrollment is available for one semester only.

You must actively attend classes for at least the first 31 days after the date your coverage becomes effective. You cannot meet this eligibility requirement if you take courses through:

- Home study
- Correspondence
- The internet
- Television (TV).

Enrollment

Information about eligibility and the enrollment process is available at www.universityhealthplans.com/ud.

University of Delaware charges students on their tuition bill by semester. Students must maintain eligibility for the first 31 days of the semester coverage period to remain eligible. If you do not maintain eligibility or withdraw from school within the first 31 days of a semester coverage period, you will not be covered under the Policy and the full premium will be refunded. After 31 days, you will be covered for the full period that you have paid the premium for, and no refund will be allowed. This refund policy will not apply if you withdraw due to a covered Accident or Sickness and a medical leave of absence form (MLOA) is completed and returned to University Health Plans by the 31st day following your MLOA.

Dependent Coverage

Eligibility

Covered students may also enroll their lawful spouse, civil union partner (same-sex, opposite sex), and dependent children up to the age of 26.

Enrollment

To enroll the dependent(s) of a covered student, please complete the Enrollment Form by visiting **www.universityhealthplans.com/UD** and selecting the Dependent Enrollment form. Please refer to the Coverage Periods section of this document for coverage dates and deadline dates. Dependent enrollment applications will not be accepted after the enrollment deadline, unless there is a significant life change that directly affects their insurance coverage. The deadline to enroll a dependent is 31 days after the significant life changing event. (An example of a significant life change would be loss of health coverage under another health plan.) In that case contact University Health Plans at 1-833-251-1127.

Important note regarding coverage for a newborn infant or newly adopted child:
Your newborn child is covered on your health plan for the first 31 days from the moment of birth.

- To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required premium contribution during that 31-day period.
- You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional premium contribution for the newborn.
- If you miss this deadline, your newborn will not have health benefits after the first 31 days.
- If your coverage ends during this 31-day period, then your newborn's coverage will end on the same date as your coverage. This applies even if the 31-day period has not ended.

A child that you, or that you and your spouse, civil union partner or domestic partner, adopts or is placed with you for adoption, is covered on your plan for the first 31 days after the adoption or the placement is complete.

- To keep your child covered, we must receive your completed enrollment information within 31 days after the adoption or placement for adoption.
- You must still enroll the child within 31 days of the adoption or placement for adoption even when coverage does not require payment of an additional premium contribution for the child.
- If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 31 days.
- If your coverage ends during this 31-day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 31-day period has not ended.

If you need information or have general questions on dependent enrollment, call University Health Plans at 1-833-251-1127.

Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

Termination and Refunds

Withdrawal from Classes – Leave of Absence:

If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded.

Withdrawal from Classes – Other than Leave of Absence:

If you withdraw from classes other than under a school-approved leave of absence within 31 days after the policy effective date, you will be considered ineligible for coverage, your coverage will be terminated retroactively and any premiums collected will be refunded. If the withdrawal is more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded. If you withdraw from classes to enter the armed forces of any country, coverage will terminate as of the effective date of such entry and a pro rata refund of premiums will be made if you submit a written request within 90 days of withdrawal from classes.

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there is a **$500** penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to **www.aetna.com**.

Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to **www.aetnastudenthealth.com.**

This Plan will pay benefits in accordance with any applicable Delaware Insurance Law(s).

- As out-of-network providers do not have a contract with us the provider may not accept payment of your cost share, (copayment/coinsurance), as payment in full. You may receive a bill for the difference between the amount billed by the provider and the amount paid by this plan. If the provider bills you for an amount above your cost share, you are not responsible for paying that amount. You should send the bill to the address listed on the back of your ID card, and we will resolve any payment dispute with the provider over that amount. Make sure the ID card number is on the bill.
- A separate hospital emergency room copayment/coinsurance will apply for each visit to an emergency room. If you are admitted to a hospital as an inpatient right after a visit to an emergency room, your emergency room copayment/coinsurance will be waived and your inpatient copayment/coinsurance will apply.
- Covered benefits that are applied to the hospital emergency room copayment/coinsurance cannot be applied to any other copayment/coinsurance under the plan. Likewise, a copayment/coinsurance that applies to other covered benefits under the plan cannot be applied to the hospital emergency room copayment/coinsurance.
- Separate copayment/coinsurance amounts may apply for certain services given to you in the hospital emergency room that are not part of the hospital emergency room benefit. These copayment/coinsurance amounts may be different from the hospital emergency room copayment/coinsurance. They are based on the specific service given to you.
- Services given to you in the hospital emergency room that are not part of the hospital emergency room benefit may be subject to copayment/coinsurance amounts that are different from the hospital emergency room copayment/coinsurance amounts.
