This is a summary of benefits. The information shown here is not a guarantee of payment. Refer to the Certificate of Coverage for the full plan terms. The Certificate includes any limitations or exclusions not seen here. For a complete listing of frequencies and limitations go to www.deltadentalri.com/el. To be covered, services must be dentally necessary and appropriate as per our review guidelines.

Note: This plan does not include a missing tooth clause. In addition, if covered, crowns, bridges, partials and complete dentures are paid when the permanent structure is inserted (seated) by the dentist. Member coverage must be active on the date that the permanent structure is inserted and payment is based on benefits available on that day — for example, if the member's annual maximum has been paid prior to the insertion of the permanent structure, the service will not be paid.

* Time limits on services (e.g. 6, 12, 24, 36, or 60 months) are figured to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1, it will not be covered again until the following year on July 2 or after.

Out-of-Network Coverage

You have the freedom to choose any dentist, but it is important to know that your out-of-pocket costs may be higher when you visit a dentist who does not participate in our network. Non-participating dentists have not agreed to accept the Delta Dental allowance as payment in full, so services from an out-of-network dentist may cost you more. You may also have to pay the dentist at the time of service and file a claim yourself. To be eligible, all claims must be filed within one year of the date of service. To find a participating dentist near you, use our Find A Dentist tool at www.deltadentalri.com.
